

What We Are

Cinnamon Ridge Dairy is a family owned, family run farm located in Donahue Iowa. We milk Jersey dairy cows using robots, raise beef cattle, pigs, goats, and chickens. We produce corn, soybeans, and winter wheat. In addition to farming activities, Cinnamon Ridge opens its farm for tours.

It's all about the Cows

Family Owned
Family Farmed
Century Farm

Cinnamon Ridge Farms

Cinnamon Ridge Farms is located amongst the rich fertile soils of east central Iowa. We are about 30 minutes from the Mississippi and about 45 minutes from John Deere World Headquarters.

Group and Family Tours

Cinnamon Ridge Farms allows for a transfer of knowledge that is not only fun, but educational too! Our tours are by reservation only and booked through our website. We offer two types of tours.

Robotic Dairy Barn Tours

Children and adults will learn & see where milk comes from and watch it go from the cow to the store. This tour includes a tour of the robotic dairy to see robots milking cows and where we make our cheese. Tours are \$10 per person. Children 3 and under are free. A dairy treat is given at the end of the tour for each paid tour. Please complete the requested form to schedule a tour of the robotic dairy.

Cinnamon Ridge Farm Tours

The tour begins in our home where we explain our operation. Then we move on to the robotic dairy barn where cows can be observed being milked by robots. Next is our farm store where we sell our products on the honor system. Following that is a short tour of our local small town. Next on the tour is a viewing room of the hog barn to see how hogs are raised in a clean, healthy environment.

Locally Made Cheese

No need to travel to Wisconsin to find freshly made curd. Cinnamon Ridge makes cheese right here on our farm! Our cheese can be purchased in our farm store. Area chefs feature our cheese in their restaurants.

Farm Raised Beef for Sale

Be prepared for grilling or family dinners with Cinnamon Ridge beef. We sell individual cuts in our store or whole or half a beef through a local locker.

All of our beef:

- Is raised on our farm
- Has NO unnecessary antibiotics
- Has no added growth hormones
- Is naturally fed a forage and grain diet.
